

DLF 2076VT2P RIB HYBRID CORN

- VT Double PRO® RIB Complete® Corn technology
- Good stalk and root strength
- Very good Goss' wilt and disease package overall

- Very good test weight
- Performs well under high populations

2050 Heat Units | 72 Relative Maturity

HYBRID CHARACTERISTICS:

Emergence:	Good
Seeding Vigour:	Very Good
Flowering:	Early
Silk:	Early
Stalk Strength:	Very Good
Root Strength:	Very Good
Stay Green:	Good
Husk Cover:	Good
Stress Tolerance:	Good
Plant Height:	Medium
Grain Quality:	Excellent
Grain Type:	Dent
Tip Fill:	Very Good
Test Weight:	Very Good
Shank Length:	Medium
Kernel Rows:	16-18
Maturity:	Early
Ear height:	Medium
Ear Flex:	Semi Flex
Dry Down:	Fast
Soil Type:	All
Seeding Rates:	32000-36000
Silage Potential:	Good

DISEASE RESISTANCE

Northern Leaf Blight:	Good
Goss's Wilt:	Very Good
Gray Leaf Spot:	Average
Common Rust:	N/A

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. These products have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from these products can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for these products. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready® technology contains genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate. RIB Complete®, Roundup Ready 2 Technology and Design™, Roundup Ready®, Roundup®, SmartStax® and VT Double PRO® are trademarks of Bayer Group, Bayer Canada ULC licensee. LibertyLink® and the Water Droplet Design are trademarks of BASF. Used under license. Herculex® is a registered trademark of Dow AgroSciences LLC. Used under license.

Planting Refuges, Preserving Technology

Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, including applicable refuge requirements for insect resistance management, for the biotechnology traits expressed in the seed as set forth in the Monsanto Technology Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with the most recent stewardship requirements.
