

DLF 2563GSX RIB HYBRID CORN

- An early maturing SmartStax® RIB Complete® Corn technology hybrid version of DLF 2562VT2P RIB
- Impressive yields with fast drydown

- Medium plant with excellent stalk and root strength
- Strong emergence and seedling vigour
- Very good staygreen and fall intactness

2500 Heat Units | 82 Relative Maturity

HYBRID CHARACTERISTICS:

Emergence:	Very Good
Seeding Vigour:	Good
Flowering:	Early
Silk:	Early
Stalk Strength:	Excellent
Root Strength:	Very Good
Stay Green:	Very Good
Husk Cover:	Very Good
Stress Tolerance:	Very Good
Plant Height:	Medium
Grain Quality:	Excellent
Grain Type:	Dent
Tip Fill:	Very Good
Test Weight:	Good
Shank Length:	Long
Kernel Rows:	16-20
Maturity:	Medium
Ear height:	Medium
Ear Flex:	Semi-Determinate
Dry Down:	Fast
Soil Type:	All
Seeding Rates:	32000-36000
Silage Potential:	Excellent

DISEASE RESISTANCE

Northern Leaf Blight:	Very Good
Goss's Wilt:	Very Good
Gray Leaf Spot:	Very Good
Common Rust:	Very Good

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. These products have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from these products can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for these products. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready® technology contains genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate. RIB Complete®, Roundup Ready 2 Technology and Design™, Roundup Ready®, Roundup®, SmartStax® and VT Double PRO® are trademarks of Bayer Group, Bayer Canada ULC licensee. LibertyLink® and the Water Droplet Design are trademarks of BASF. Used under license. Herculex® is a registered trademark of Dow AgroSciences LLC. Used under license.

Planting Refuges, Preserving Technology

Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, including applicable refuge requirements for insect resistance management, for the biotechnology traits expressed in the seed as set forth in the Monsanto Technology Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with the most recent stewardship requirements.
